EDUCATION

- Bansal Institute of Engineering and Technology, Lucknow** Sep 2022 - July 2026
Bachelor of Technology in Information Technology (CGPA: 8.19)

SKILLS

- Languages:** Java, Python, JavaScript, TypeScript, SQL
- Backend:** Node.js, Express.js, REST APIs
- Frontend:** React.js, HTML, CSS, Tailwind CSS
- Databases:** MongoDB, PostgreSQL, MySQL
- Tools/Platforms:** Git, GitHub, Firebase, Vercel
- Soft Skills:** Problem-Solving, Leadership, Critical Thinking

EXPERIENCE

- DevOps Intern** May' 2025- July' 2025
Celebal Technologies
 - Hands-on experience with **DevOps concepts, CI/CD pipelines, and automation practices.**
 - Worked on **build, test, and deployment workflows**, ensuring smooth and efficient software delivery processes.
 - Practical exposure to **version control, continuous integration, and continuous deployment methodologies.**
 - Gained practical exposure to infrastructure automation, system reliability, and DevOps best practices.
- Web Development Intern** May' 2024- June' 2024
TechOctaNet Services
 - Developed **full-stack web applications**, working on both **frontend and backend integration.**
 - Improved **application performance and responsiveness** to enhance overall user experience.

PROJECTS

- PharmaCare Inventory (GitHub Link | Live)** Feb' 2025– Mar' 2026
React.Js, TypeScript, Tailwind CSS, Supbase, PostgreSQL, Vercel, Git, GitHub
 - Built a **full-stack pharmacy inventory and billing system** to manage stock and daily sales efficiently.
 - Developed an **admin dashboard** with modules for Inventory, **Billing/POS**, Suppliers, and Purchases.
 - Integrated **secure authentication and protected routes** using **Supabase** for controlled user access.
 - Managed database operations using **PostgreSQL** with **CRUD** functionality for real-time data handling.
 - Developed **analytics** and alert features to track **stock levels** and manage timely **reorder processes.**
 - Deployed** the application on **Vercel** with **environment configuration** for smooth performance.
- Essenza Pro Billing System - Client Project (GitHub Link | Live)** Dec' 2025– Jan' 2026
React.Js, JavaScript, TypeScript, Tailwind CSS, Firebase Firestore, Git, GitHub
 - Developed **full-stack billing** and expense management system for a salon client, automating operations.
 - Built an **admin dashboard with real-time metrics** including revenue, expenses, and profit tracking.
 - Designed **Restful APIs** service management module with category, pricing, and **CRUD** operations.
 - Created dynamic **invoice system** with service selection, discount, GST, and **payment split** (Cash/QR).
 - Implemented invoice history and **expense tracking** with **search, filters, and real-time updates.**
- Interactive Developer Portfolio (GitHub Link | Live)** Nov' 2025– Dec' 2025
React.js, TypeScript, Tailwind CSS, Nodes.js, API Integration
 - Built a **modern, responsive personal portfolio website** to showcase projects, skills, certifications, and experience.
 - Integrated a **personal AI assistant** to enable interactive, conversational user experiences.
 - Built **interactive chat, service, and contact modules** with efficient API-based backend handling.
 - Utilized **Firebase** for **frontend services and real-time features**, and **Vercel** for **backend deployment**, ensuring scalable and reliable performance.

TRAINING

- HCL Tech** Jan' 2025 – Mar' 2025
Web Development with AI
 - Developed a **full-stack Instamart online grocery** delivery application using Core Java, JSP, Servlets, and MySQL, implementing **user authentication, product listing, cart**, and order management features.
 - Applied **object-oriented programming principles** and **industry-standard coding practices** to build scalable and **maintainable web applications.**
 - Gained hands-on experience in **backend development**, debugging, and **application optimization**, along with exposure to **AI-assisted enterprise workflows.**
- Web Development Intern (Virtual)** May'2024- Jun'2024
CodSoft
 - Developed **interactive and user-friendly web applications** with seamless frontend-**backend integration.**
 - Worked on real-world tasks, enhancing **problem-solving ability**, and understanding of practical coding workflows.

CERTIFICATES

- Oracle OCI 2025 Certified Generative AI Professional (Certificate Link)** Sep' 2025
- Foundation of AI Microsoft, AICTE & Edunet Foundation (Certificate Link)** May' 2025
- Campus Ambassador at Entrepreneurship Development Cell, IIT Delhi (Certificate Link)** Dec' 2025
- Solved 150+ Data Structures and Algorithms problems on GeeksforGeeks. (Profile Link)** 2025
